FOREWORD

Public Law 100-656, the Business Opportunity Development Reform Act of 1988, requires agencies to compile and make available projections of contracting and/or subcontracting opportunities that small businesses (throughout this document the term “small business” includes small businesses owned by socially and economically disadvantaged individuals, women, veterans, service-disabled veterans and those located in Historically Underutilized Business Zones (HUBZone)) may be able to provide products and services supporting acquisition needs. This U.S. Nuclear Regulatory Commission (NRC) agency-wide “Forecast of Contract Opportunities” (**Forecast**) is intended to assist small businesses in their business development activities. Contracting opportunity descriptions are based on the best information available from agency program offices at the time of publication.

Part I of the NRC **Forecast** includes projections of all anticipated commercial contract opportunities exceeding \$25,000 and potential commercial interagency contract opportunities; Part II of the NRC Forecast includes projections of all anticipated modifications to existing acquisitions; and Part III includes a list of agency current and active contracts exceeding \$25,000.

Note: Part I of the **Forecast** is derived from data entered by the Program Office and confirmed by the NRC Division of Contracts. Part III is derived from data reported to the Federal Procurement Data System-Next Generation (FPDS-NG) by the NRC Division of Contracts. (For more information, please visit: <https://www.fpds.gov/>)

The NRC purchases a wide variety of goods and services, from administrative support to engineering, environmental support to construction, and research and development. We are committed to providing maximum practicable acquisition opportunities at the prime and subcontract level for small businesses. We hope that this **Forecast** will assist you in conducting business with the NRC.

SECTION I: DESCRIPTION OF OFFICE IDENTIFIERS AND CONTRACTING METHODS
ABBREVIATIONS:

- 8 (a) - 8(a) Sole Source Offering or Competitive
- ACNW - Advisory Committee on Nuclear Waste
- ACRS - Advisory Committee on Reactor Safeguards
- ADM - Office of Administration
- ASLBP - Atomic Safety and Licensing Board Panel
- CFO - Office of the Chief Financial Officer
- CSO - Computer Security Office
- EDO - Office of the Executive Director for Operations
- FSME - Federal and State Materials and Environmental Management Programs
- Full - Full and Open Competition
- GSA - General Services Administration Schedule
- HR - Office of Human Resources
- HUBZone - Historically Underutilized Business Zone (HUBZone)
- IA - Interagency Agreement of Contracting with Another Federal Agency
- JOFOC - Justification supporting limited or sole source acquisition
- NMSS - Office of Nuclear Material Safety and Safeguards
- NRO - Office of New Reactors
- NRR - Office of Nuclear Reactor Regulation
- NSIR - Office of Nuclear Security & Incident Response
- OCA - Office of Congressional Affairs
- OCAA - Office of Commission Appellate Adjudication
- OCM - The Commission
- OE - Office of Enforcement
- OGC – Office of the General Counsel
- OI – Office of Investigations
- OIG – Office of the Inspector General
- OIP - Office of International Programs
- OIS - Office of Information Services
- OPA - Office of Public Affairs
- RES - Office of Nuclear Regulatory Research
- RGN I - Region 1 - King of Prussia, PA
- RGN II - Region 2 - Atlanta, GA
- RGN III - Region 3 - Lisle, IL
- RGN IV - Region 4 - Arlington, TX
- SA - Simplified Acquisition
- SBCR - Office of Small Business and Civil Rights
- SECY - Office of the Secretary
- STP - Office of State and Tribal Programs
- SA - Simplified Acquisition
- SB - Small Business Set-Aside
- SDVOSB - Service-Disabled Veteran-Owned Small Business
- Sole Source – Justification supporting single source acquisition
- TBD - To Be Determined

SECTION II: DESCRIPTION OF FORECAST CATEGORIES IN PART I AND PART II

The following provides a description of categories and the acronyms listed in the **Forecast**:

A. Part I: New Acquisitions

1. NAICS Code: this column lists the North American Industry Classification System (NAICS) Code in order to identify the primary industry that the particular acquisition belongs. The North American Free Trade Agreement (NAFTA), 1993, stimulated interest in eliminating barriers to cross-national flow of goods, services and capital investment for the North American countries. This interest also brought the need for a common industry classification system and U.S. efforts to revise its Standard Industrial Classification System. NAFTA also brought forth a coordinated effort among the U.S., Canada, and Mexico to explore new approaches to classifying economic activity.

The U.S. Office of Management and Budget established the Economic Classification Policy Committee to work with comparable committees from Canada and Mexico to establish a new classification system. The new system would generate uniform and comparable economic data for the North American countries. This monumental consolidated effort was intended to facilitate economic analyses of the economies of these three North American countries. Each country's statistical agency produces information on inputs and outputs, industrial performance, productivity, unit labor costs, and employment. The NAICS replaced each country's existing classification system and would be constructed within a single conceptual framework, whereby, economic units having similar production processes are classified in the same industry.

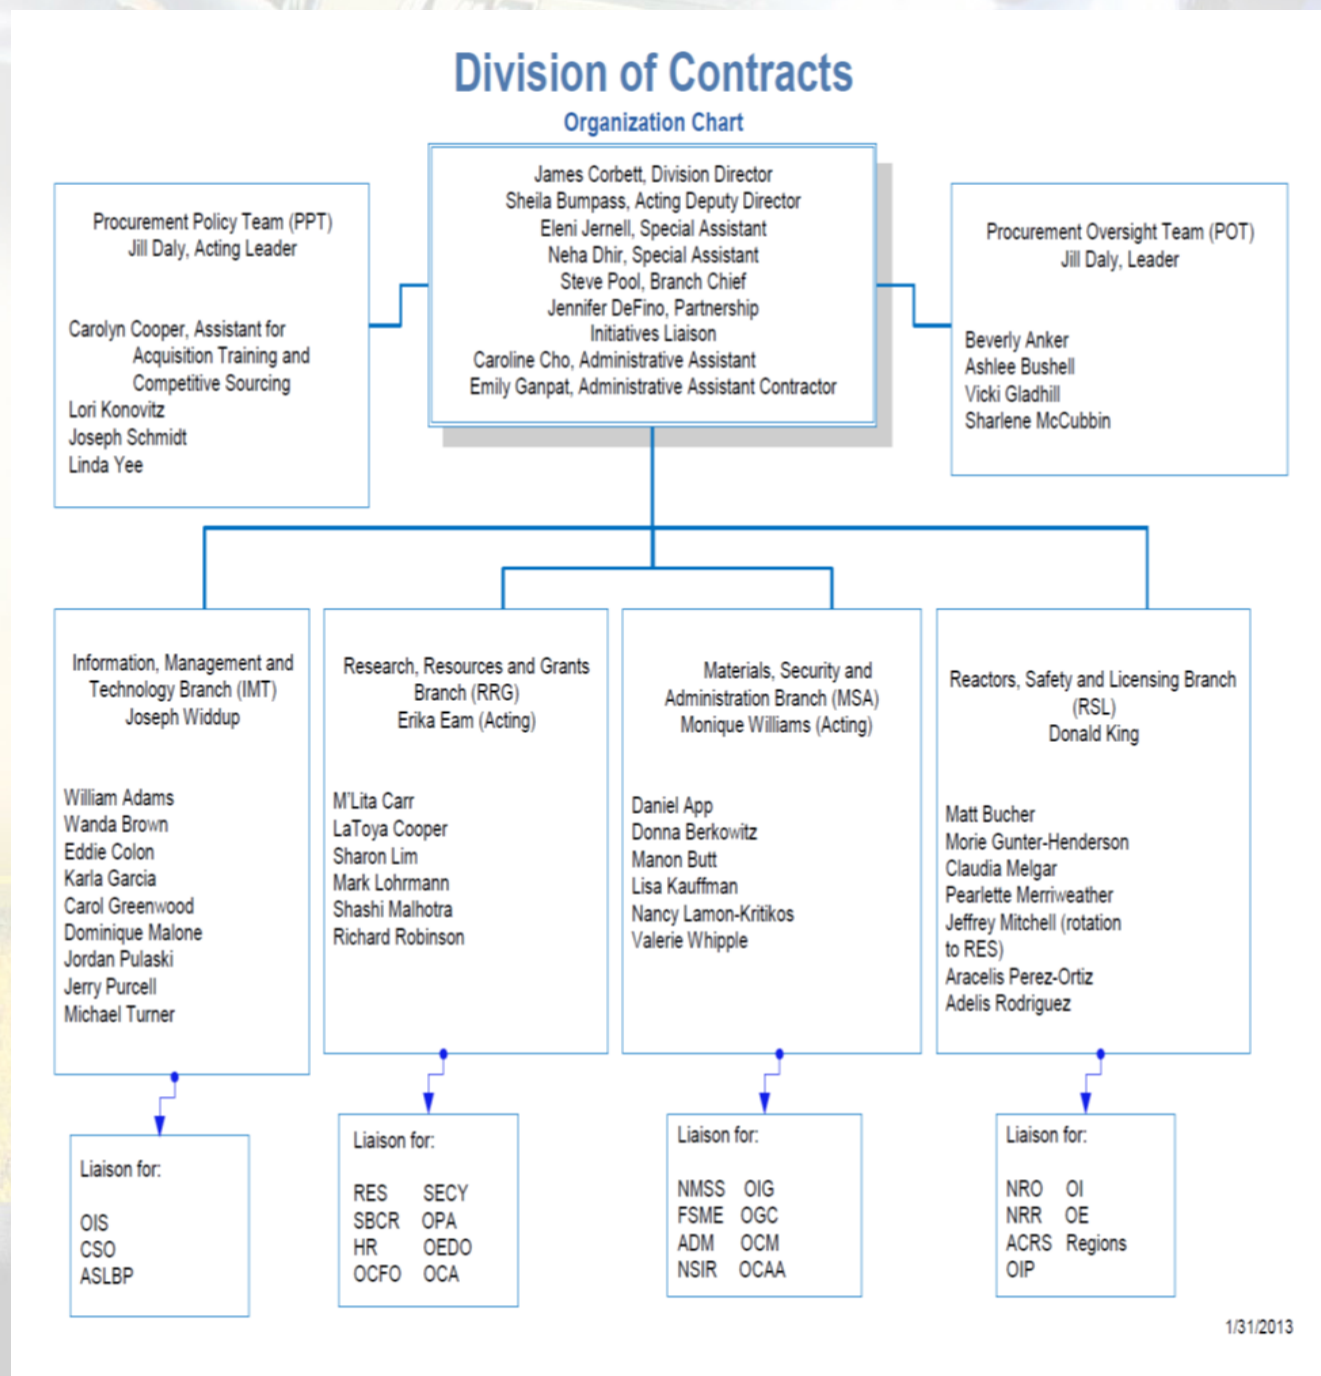

The U.S. NAICS generates statistical data describing the U.S. economy. The U.S. NAICS also may be used for other purposes, such as administrative, regulatory, taxation, etc., although these functional areas played no role in system development. The Federal government uses industry classifications for acquisition purposes, both for classifying the acquisition and for procurement data reporting and analyses.

Starting October 1, 2000, the new NAICS was applied to Federal acquisitions solicited and awarded after that date for industry and size related classification purposes. The Small Business Administration (SBA), the Federal agency charged with establishing size standards against industry classifications, established the standards to determine business size based on either: the number of employees, average annual sales, assets, or electric output. The first and second numbers of the six-digit structure represent the sectors of economic activity, the third digit designates the sub sector, the fourth designates the industry group, the fifth designates the NAICS industry and the sixth designates the national industry.

The NAICS codes are identified to assist in determining business activity in the economic Industry. In addition, Federal contracting officials assign the appropriate NAICS codes to acquisitions reflecting size standards and the predominant business area for products and services to be procured in order for businesses to certify size and/or to determine small business program eligibility. A full listing of the NAICS codes, definitions, and size standard tables can be found at: <http://www.naics.com/search.htm> (NAICS codes/definitions) and http://www.sba.gov/idc/groups/public/documents/sba_homepage/serv_sstd_tablepdf.pdf (Table of Size Standards)

SECTION III: DIVISORGANIZATIONAL CHART

The Division of Contracts' personnel may be contacted regarding using the NRC's telephone directory: <http://www.nrc.gov/about-nrc/contactus/phone-directory.html>.

SECTION IV: A GLOSSARY OF TERMS, ACRONYMS AND TOOLS

A. Small Business Contract/Business Development Support & Tools

- 1. Small Business Set-Aside**
- 2. 8(a) Sole Source or Competitive**
- 3. HUBZone Sole Source or Set-Aside**
- 4. Service-Disabled Veteran-Owned Small Business Sole Source or Set-Aside**
- 5. Veteran Small Business Support**
- 6. Woman-Owned Small Business Support**
- 7. Subcontracting Programs and Plans**

B. Acquisition Terminology (See the Federal Acquisition Regulations subpart 2.1 Definitions for defined words and terms used in Federal acquisitions)

1. 8(a) Sole Source or Competitive: Under the 8(a) Business Development Program, Federal agencies enter into contracts for supplies and/or services with the SBA who then subcontracts the actual performance of the work to small businesses owned and controlled by socially and economically disadvantaged¹ individuals, which are referred to as “8(a) firms.” Acquisitions conducted under the 8(a) Business Development Program may be conducted on either a sole source or competitive basis, depending on the thresholds associated with the particular acquisition. Acquisitions below \$6.5 million for manufacturing and \$4 million for all other acquisitions may be conducted on a sole source basis; however, acquisitions above the identified thresholds may be conducted as an 8(a) competitive acquisition.

2. Cost Plus Fixed-Fee Contract: A cost-plus-fixed-fee contract is a cost-reimbursement contract that provides for payment to the contractor of a negotiated fee that is fixed at the inception of the contract. The fixed fee does not vary with actual cost, but may be adjusted as a result of changes in the work to be performed under the contract. This contract type permits contracting for efforts that might otherwise present too great a risk to contractors, but it provides the contractor only a minimum incentive to control costs.

¹ Black Americans, Native Americans, Hispanic Americans, Asian-Pacific Americans, and Asian Indian Americans have been officially designated as socially and economically disadvantaged. Members of other groups must provide evidence that they are economically and socially disadvantaged. The Small Business Administration determines eligibility on a case-by-case basis.

3. Cost Reimbursement Contract: Cost-reimbursement types of contracts provide for payment of allowable incurred costs, to the extent prescribed in the contract. These contracts establish an estimate of total cost for the purpose of obligating funds and establishing a ceiling that the contractor may not exceed (except at its own risk) without the approval of the contracting officer.

4. Fixed-Price Contract: Provides for a price which normally is not subject to any adjustment unless certain provisions (such as contract change, economic pricing, or defective pricing) are included in the agreement. These contracts are negotiated usually where reasonably definite specifications are available, and costs can be estimated with reasonable accuracy.

5. Full and Open: All firms, regardless of business size, are permitted to submit a bid or proposal. The solicitation is not restricted to small business.

6. GSA Schedule: Under the GSA Schedules Program, GSA enters into contracts with commercial firms to provide supplies and/or services at stated prices for given periods of time. Task or delivery orders, issued by other Federal agencies are placed directly against the schedule contract, and deliveries are made directly to the customer. The GSA Schedules Program reflects commercial buying practices. For more information on becoming a GSA Schedule contractor, please click on: <http://www.gsa.gov>.

7. Historically Underutilized Business Zone (HUBZone) Sole Source or Set-Aside: Permits Federal agencies to restrict acquisitions exceeding the simplified acquisition threshold for competition among certified HUBZone businesses or on a sole source basis.

8. Interagency Agreement: An agreement or ordering document between Federal agencies in which one agency transfers its appropriated funds to another agency for the purpose of obtaining supplies and/or services.

9. Interagency Agreement between NRC and the Department of Energy: Interagency Agreements (IAs) are generated either under the authority of the Economy Act, or under the Energy Reorganization Act of 1974, as amended. For information regarding award of IAs to the Department of Energy (DOE) and other agencies, refer to Management Directive (MD) 11.7, "NRC Procedures for Placement and Monitoring of Work With the U.S. Department of Energy (DOE)," and MD 11.8, "NRC Procedures for Placement and Monitoring Work With Other Federal Agencies Other Than DOE." These directives provide policies, procedures, and examples for negotiating and managing agreements with DOE and other Federal agencies, and can be found by clicking on the following link: <http://www.internal.nrc.gov/ADM/DAS/cag/mandirs/index.html> . Additionally, you can make direct contact with DOE regarding contract and/or subcontract opportunities at <http://smallbusiness.doe.gov>.

10. Justification for Other Than Full and Open Competition (JOFOC): A contract for the purchase of supplies or services that is entered into or proposed to be entered into by an agency after soliciting and negotiating with only one source or a limited number of sources.

11. Labor Hour Contract: Provides for acquiring supplies or services on the basis of direct labor hours at specified fixed hourly rates that include wages, overhead, general and administrative expenses, and profit. A labor hour contract is used when it is not possible

at the time of executing the contract to estimate accurately the extent or duration of the work or to anticipate costs with a reasonable degree of confidence.

12. Micro-purchases: Purchases below \$3,000 that are acquired using a Government credit card. These purchases are not required to be set asides for small business (although use of small businesses is encouraged), and competition is not required. Micro-purchases are not listed in this **Forecast**.

13. Service-Disabled Veteran-Owned Small Business (SDVOSB) Sole Source or Set-Aside: Allows Federal agencies to set aside acquisitions exceeding \$3,000 for competition among SDVOSB, or on a sole source basis.

14. Simplified Acquisitions: Procedures for simplified acquisitions permit agencies to use streamlined techniques to acquire supplies and/or services for acquisitions under the simplified acquisition threshold. The simplified acquisition threshold is between \$3,000 and \$150,000, except for acquisitions of supplies and/or services that, as determined by the head of the agency, are to be used to support a contingency operations or to facilitate defense against or recovery from nuclear, biological, chemical, or radiological attack (41 U.S.C. 428(a)), where the term means (1) \$250,000 for any contract to be awarded and performed, or purchase to be made, inside the U.S., and (2) \$1 million for any contract to be awarded and performed, or purchase to be made, outside the U.S. Simplified acquisitions between the micro-purchase threshold and \$25,000 are not listed in this **Forecast**. Acquisitions between within the simplified acquisition threshold are reserved exclusively for small businesses (absent exceptions).

15. Total Small Business Set-Aside: The purpose of a small business set-aside is to award certain acquisitions exclusively to eligible small business concerns, in compliance with the law. A set-aside for small business is the reserving of an acquisition exclusively for participation by small businesses.² A set-aside may be open to all small businesses. A set-aside of a single acquisition or a class of acquisitions may be total or partial.

16. Sole Source: A contract for the purchase of supplies or services that is entered into or proposed to be entered into by an agency after soliciting and negotiating with only one source.

17. Subcontracting Plans and Programs: Prime contractors awarded a Federal contract that exceeds \$650,000 (\$1.5 million in the case of construction), and which offers subcontracting opportunities, must establish subcontracting plans with goals that provide maximum opportunities to small businesses. The Small Business Administration (SBA) has created a Subcontracting Network Web site entitled, "Sub-Net," which is located at <http://web.sba.gov/subnet/> that is used by prime contractors to post subcontracting opportunities. These opportunities are often reserved for small business and they may include either solicitations or other notices - for example, notices of sources sought for teaming partners and subcontractors on future contracts. The site is designed primarily as a place for other than small businesses to post solicitations and notices. In addition, SBA also has a Subcontracting Opportunities Directory, which is located at: http://www.sba.gov/services/contracting_opportunities/basics/subcontracting/index.html.

² A business that is independently owned and operated and not dominant in its field of operation in which it is bidding on government contracts, and qualified as a small business under the criteria and size standards in Title 13 of the Code of Federal Regulations Part 121.

18. Task/Delivery Order: An order for supplies and/or services placed against an established contract or with government sources (e.g., GSA Schedule Program, other agency, indefinite delivery indefinite quantity contracts).

19. Time-and-Materials Contract: Provides for acquiring supplies or services on the basis of (1) direct labor hours at specified fixed hourly rates that include wages, overhead, general and administrative expenses, and profit; and (2) materials at costs, including, if appropriate, material handling costs as part of material costs. A time-and-materials contract is used when it is not possible at the time of executing the contract to estimate accurately the extent or duration of the work or to anticipate costs with a reasonable degree of confidence.

20. To Be Determined (TBD): Acquisition method has yet to be determined by the NRC Program Office.

21. Veteran-Owned Small Business Support: The Center for Veterans Enterprise (CVE) promotes business ownership and expansion for veterans and service-connected disabled veterans to increase participation in the Federal marketplace with emphasis on the Veterans Administration. For more information on the CVE, please visit: <http://www.vetbiz.gov/>.

22. Woman-Owned Small Business Support: Click on the following link to find information on Government programs designed to help women start, grow and expand their small businesses: <http://www.business.gov/start/woman-owned/>. In addition, please see www.sba.gov for more information on woman-owned small business support.

C. Small Business Terminology

- 1. 8 (a) Firm:** A firm must be 51 percent owned and controlled by a socially and economically disadvantaged individual or individuals in order to be eligible to participate in the 8(a) Business Development program. The SBA must certify that the small businesses owned by socially and economically disadvantaged individuals, to participate in the program.
- 2. Historically Underutilized Business Zone (HUBZone):** A small business who is headquartered in a Historically Underutilized Business Zone in the United States. The SBA must certify the small businesses that are eligible to participate in HUBZone status.
- 3. Service-Disabled Veteran-Owned Small Business (SDVOSB):** A small business that is at least 51 percent owned by one or more service-disabled veterans. Service-disabled veteran means a veteran with a disability that is service-connected; the disability was incurred in the line of duty while serving in the U.S. active military, naval or air service. The U.S. Department of Veteran Affairs (VA) certifies SDVOSB status.
- 4. Small Business:** A business that is independently owned and operated and which is not dominant in its field of operation and meets size eligibility requirements the eligibility requirements and criteria and as defined by SBA. Depending on the industry, size standard eligibility is based on the average number of employees for the preceding 12

months or on sales volume averaged over a three-year period.

- 5. Small Disadvantaged Business:** A small business that is at least 51 percent owned and controlled by a socially and economically disadvantaged individual or individuals. This can include a publicly owned business that has at least 51 percent of its stock unconditionally owned by one or more socially and economically disadvantaged individuals; and one or more such individuals control the management and business operations. Businesses self certify size and ownership status.
- 6. Veteran-Owned Small Business:** A small business not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and the management and daily business operations of which are controlled by one or more veterans.
- 7. Woman-Owned Small Business:** A small business that is at least 51 percent owned by one or more women; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and whose management and daily business operations are controlled by one or more women.
- 8. Economically- Disadvantaged Women-Owned Small Business:** a company must be a WOSB that is at least 51% owned by one or more women who are “economically disadvantaged.” However, SBA may waive this requirement of economic disadvantage for industries in which WOSBs are “substantially underrepresented.” A woman is presumed economically disadvantaged if she has a personal net worth of less than \$750,000 (with some exclusions), her adjusted gross yearly income averaged over the three years preceding the certification is less than \$350,000, and the fair market value of all her assets is less than \$6 million (with some exclusions).

SECTION VI: DISCLAIMER

The acquisitions described in this **Forecast** are expected to have a solicitation released in fiscal year 2013. The acquisition descriptions are based on the best information available at the time of publication and is updated or revised throughout the year.

All projected acquisitions are subject to revision or cancellation. Final decisions on the extent of competition, acquisition method, estimated contract range, or any aspect of the acquisition action will not be made until each acquisition is initiated. The **Forecast** data is for planning purposes and does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the Government to purchase the described products and/or services. Businesses are reminded that only contracting officers have the authority to contractually bind the Government and authorize the release of acquisition information.

The purpose of publishing the **Forecast** to the general public is to make the reader aware of:

- 1) the scope and depth of the agency's dependence upon the private sector for products and/or services,
- 2) those new initiatives where the agency intends to seek participation of private sector firms for product(s) and/or services, and
- 3) the identification of acquisitions for participation in Federal small business-related socioeconomic programs (i.e., set-asides)

In addition, the **Forecast** contains information regarding both the timing and range of estimated costs of the agency's planned acquisition actions. The dynamics of change in governmental operations and in the implementation of the annual budget process are likely to result in significant changes during the fiscal year. As a result, the agency will examine the elements of the **Forecast** throughout the year where necessary.

Data Notes for Part I:

The data used to populate and generate Part I and Part II of the Forecast is collected from the agency's Automated Acquisition Management System (AAMS). The information compiled from AAMS and used in this Forecast is inputted by designated NRC Program Office officials. The notes provided below identify the various data queries used and AAMS data fields where the subject information is collected.

Mapping of APP Action Data Values from Left to Right (to AAMS Data Entry Screen); Range Value (as in 0-25,000 or 25,000-100,000):
